# A WARM WELCOME

**JOLADE ADARAMEWA**

Proprietress

Distinct Star Schools was founded on the firm belief that every child is a star and that our job is to create the right environment for our stars to shine. We are a lively, friendly and caring community, where innovative teaching is underpinned by strong shared values and complemented by truly outstanding pastoral care. We aspire to enable our students not only to make sense of the world but also want to go out and improve it. We recognise that values are what define any individual and are committed to building in our children strong christian values. We work closely with our parents to ensure consistency and uniformity in our approach to raising our stars. We are however open to children of all faith.

Starting as a crèche in January 2010, Distinct Star has by the grace of God now grown to include both a Primary and an International College. The remarkable range of co-curricular activities we offer here provides each student the opportunity to shine and the means to explore new interests. The importance we place on our students' artistic, cultural and sporting activities alongside a rigorous academic program, ensures that our stars are stretched but not stressed, while benefiting from a well-rounded, balanced, and liberal education.

I hope that this prospectus gives you a useful insight into life at Distinct Star Schools. Please accept our invitation to visit us and experience first-hand what we offer.
